

Vehicle Wrap Warranty

The Read&Co. SGVW2 warranty covers the base and overlaminating film when used in combination with each other. This is based on vertical application and the product is within the 1-year shelf life. Any misuse or intentional application to a substrate not mentioned in the application guide also voids the warranty.

Warranty and Limited Remedy

*Read&Co., Inc. warrants the vehicle wrap film to perform as stated in the product bulletin for exterior exposure resistance given all the steps are followed therein. Possible partial adhesive transfer does not constitute product failure and Read&Co. will not be liable for residual adhesive residue. Read&Co., Inc. will not assume any liability for paint or clear coat failure due to faulty application, poor body, paint and clear coat condition due to age or environmental damage or the failure to follow the steps provided. In addition, any damage caused by "Fallout" (**a dull rust-colored surface condition caused by fossil fuel and turning acidic when mixing with water vapor**) is a result of environmental factors uncontrolled and unrelated to Read&Co. manufacturing processes and is not considered a product defect. Therefore, Read&Co., Inc. retains the right to deny credit based on any or all of these factors.*
