

ABL9

9 mil WF Matte Front Print UV Backlit Film

READ&Co.

A Polyester Film with a Waterfast Matte Finish

- Compatible with dye and pigment inks
- Excellent day/night film
- Good color brilliance and image definition
- Water resistant matte coating
- Durable outdoor backlit film
- Cold lamination recommended

Lamination & Mounting

This product has been tested and approved for use with Read&Co. laminates and adhesives. Read Inkjet laminates provide durable protection from abrasion, moisture, Ultraviolet light and various types of damaging effects on indoor and outdoor applications. Recommendations for cold/pressure sensitive lamination and adhesives are SPEED: 3-5 feet per min and PRESSURE: 20-40psi (recommendations vary depending on the laminator, model and other variables). Read Lamination and Adhesives provide quick and efficient quality results without the need for heat.

Aqueous Ink Compatibility

This product is formulated for a wide variety of aqueous wide format digital inkjet printers. Read&Co aqueous inkjet materials are optimized to provide an expanded color gamut and higher ink saturation for richer, more brilliant colors. Individual results may vary. Test thoroughly for your specific application.
