

SOPAL

9 oz. Opal Mesh Banner FR

A Premium 9 oz. Mesh Banner

- Compatible with solvent, eco solvent, UV curable and latex inks
- Premium coated banner resists cracking in extreme weather environments
- Good color brilliance and image definition
- Durable outdoor banner with heavy denier yarn for added strength
- Porous air flow makes this product ideal for high wind areas
- Banner can be sewn and or grommeted
- Used for frontlit banners, building wraps, scaffolding barriers and backdrops
- NFPA 701 fire retardant certificate

Lamination & Mounting

This product has been tested and approved for use with Read&Co. laminates and adhesives. Read Inkjet laminates provide durable protection from abrasion, moisture, Ultraviolet light and various types of damaging effects on indoor and outdoor applications. Recommendations for cold/pressure sensitive lamination and adhesives are SPEED: 3-5 feet per min and PRESSURE: 20-40psi (recommendations vary depending on the laminator, model and other variables). Read Lamination and Adhesives provide quick and efficient quality results without the need for heat.

Solvent, Eco-solvent, UV Curable And Latex Compatibility

This product is universally compatible with solvent, eco-solvent, UV curable and latex wide format digital inkjet printers. Read&Co inkjet materials provide an expanded color gamut and higher ink saturation for richer, more brilliant colors. Individual results may vary. Test thoroughly for your specific application.
