

VorTex™ Fence Mesh D150 is a 4.42 oz., 100% polyester mesh material. The material provides a unique fabric alternative to traditional PVC mesh products. The material may be used for fence graphics, outdoor banners and flying banners. VorTex Fence Mesh D150 is printable via direct dye-sublimation. Available in widths of 126”.

### Material Details

| CHARACTERISTICS | TEST METHOD | METRIC                 | ENGLISH                 |
|-----------------|-------------|------------------------|-------------------------|
| Base Material   |             | 100% polyester         |                         |
| Total Weight    | ASTM D645   | 150±5 g/m <sup>2</sup> | 4.42 oz/yd <sup>2</sup> |
| Yarn dtex       |             | 50D                    |                         |
| AirFlow         |             | 2463.5 mm <sup>2</sup> |                         |
| Surface Finish  |             | semi- dull             |                         |

### Applications

|              | Banner Stands | Banners Indoor | Banners Outdoor | Booth Display | Flying Banner | Fence Graphics | Light box | Wall Advertising |
|--------------|---------------|----------------|-----------------|---------------|---------------|----------------|-----------|------------------|
| Applications |               |                | ■               |               | ■             | ■              |           |                  |

### Ink Printability

| Solvent | Eco Solvent | UV | Latex | Screen Printing | Dye Transfer | Dye Direct |
|---------|-------------|----|-------|-----------------|--------------|------------|
|         |             |    |       |                 | ■            | ■          |

### Available Sizes

| Metric (m) | English (inches) |
|------------|------------------|
| 3.20m      | 126”             |
